WCXN

Loud & Clear

AM 1170 10,000 WATTS

22 March 1990

Dear Mr. Burrows

We received your DX, thank you so much. Sorry it took so long for us to reply. We reviewed the tape you sent and it was indeed WCXN. Since that time we have changed our format, we have always been a Christian Music Station and at the time you picked us up we were playing Contemporary Music, since last February we have been playing Bluegrass and Country Gospel. We are about 50% ministry programs and 50% music. The frequency is 1170 AM, we are a daylight station therefore our sign on and sign off times vary, the tower is 300 ft. and also accomodates our sister station WPAR-FM 88.1. Both stations are in the same building. We do not receive an excessive amount of DX's although we have received several, the stations have only been on the air since 1985, WCXN signed on in September and WPAR signed on in December.

Enclosed are a few things that may be of interest to you. Once again we thank you. Let us know if you ever pick us up again.

Sincerely,

Donald W. Lee
